Hello families and first mates! The beginning of the year is the perfect time to get to know each other, review alphabet letter writing and practice our speaking and listening standards! Attached is a calendar with something special for kicking off the year with letters A-Z. Please check the calendar daily so that you know what we are up to each day. Some days the first mates will need to bring something to school and other days I will provide what they need. I can't wait to sail into a great year together in 1-CU!  Mrs. Cucinello

*Here is a list of some things to practice with your first mate to review K standards and help them sail into a great year in first grade!

- write first and last name - (capital letter for initials only) if your child starts a letter from bottom up. Remind them and say pull down, fly back, fly forward then down.
- practice writing numbers to 10, count to 100 by 1's and 10's, math facts to 5
- learn their google password and where to find each letter on a keyboard
- practice taking folder out of backpack and returning it to their backpack
- practice opening their snack items- ex-twist caps, find the tear here on a snack package and tear, open yogurts, peel an orange. Please do not send items that need to be cut.
- practice wiping up a small spill or crumbs, drippings from food items.
