

Primary Farsang 2022

**18th February (Last Friday
before Half Term)**

Farsang is a festive period between *Vízkereszt* (Epiphany) and *Hamvazószerda* (Ash Wednesday).

Farsang is the time of fun and feast, traditionally aimed at chasing winter away and invite spring with laughter and joy. Hungarians eat a lot of doughnuts and have fancy dress parties in this season.

On the day of Farsang, Primary **students can dress up** as anything they want to. Traditionally *Farsang* is about

being creative and making your own surprising and funny costume. It is not just story characters you can think about: you can be a tooth paste, a *túró rudi* or an umbrella, if you want! You can even pair up with a friend to create a co-operative costume with two people inside!

Everybody can show their costumes at the Assembly, and our jury will give prizes in the following categories:

1. The best food costume
2. The best co-operative costume (with two or more people inside)
3. The best handmade costume
4. The most surprising costume
5. The best object costume
6. The best animal/plant costume
7. The craziest costume
8. Extra - Jury's choice
9. Extra - Jury's choice
10. Teachers' Prize (for the teacher with the best costume)
11. House Captains' Choice (voted by House Captains)

On 18th February, students can arrive in their costumes in the morning. For those who do not want to dress up, it will be a non-uniform day. In the afternoon there will be fun activities in key stages at 4 different stations.
